Rep. Devin Carney,

Devin,

I am writing to ask you oppose Senate Bill 16 proposals should they become incorporated any House Bills.

I am to opposed to the Bill for several reasons. I believe the number of gun sales and permit applications last year was at an all time high, an indication to me that our fellow citizens are increasingly concerned with the rise of criminal violence and property crime. To my reading the Bill does not address this issue directly.

The number of gun related crimes that are prosecuted is less than half of total violations. Let's not pass new laws if existing ones go unpunished. I could not find any numbers or percentage of licensed gun owners accused of violations, my guess the percentage is relative small.

I am also concerned with a 'stop and frisk' strategy absent reasonable suspicion of criminal activity as in

my view it might be attractive to law enforcement, but treads too close to Constitutional issues. I think this is an intrusion in personal privacy and may lead to profiling or discrimination.

Devin, I thank you for your consideration and may I impose on you to forward this to the Judiciary Committee?

Regards,

Michael Reddy
